SUMMARY

Front-End Web Developer with 2.8 years of experience in designing and developing responsive, user-friendly web applications. Skilled in HTML, CSS, JavaScript, and React JS, with a strong ability to collaborate with teams, manage website maintenance, and deliver efficient, scalable solutions.

EXPERIENCE

Project Executive (Front-End Developer)

DiigiiHost

01/2024 - 06/2025 Ghansoli, Navi Mumbai, MH

Managed front-end development and custom website design implementation

- Led a front-end team, managing tasks and ensuring timely project completion.
- Developed and maintained websites, translating **Figma designs** into responsive, high-performance code using **HTML, CSS, JS, React.js, Bootstrap, Tailwind CSS, and jQuery**.
- Collaborated with back-end developers and senior executives to deliver efficient, scalable solutions.
- Implemented **UI/UX improvements**, enhancing overall user experience and website functionality.

Web Designer & Developer

Biz Technology IT Solutions

06/2023 - 01/2024 Andheri, Mumbai, MH

Developed and maintained websites, creating custom dashboards

- Developed **HTML pages, dashboards, and complete websites** based on user requirements.
- Maintained and optimized existing websites, ensuring performance, responsiveness, and cross-browser compatibility.
- Collaborated with teams to enhance **UI/UX and website functionality** as per client needs.

Web Designer & Developer

Parasight Solutions

09/2022 - 06/2023 Kalyan, Thane, MH

Designed UI/UX in Figma and developed responsive websites

- Designed **UI/UX layouts in Figma** and converted them into fully responsive web pages using **HTML, CSS, and JavaScript**.
- Developed and maintained websites, ensuring performance, responsiveness, and cross-browser compatibility.
- Collaborated with the back-end team and handled end-to-end front-end development from design to deployment.
